A beautiful new project in Los Urrutias, only 150 m from the Mar Menor and although in a very quiet environment, very close to all amenities. The south facing villas on one level come with 2 bedrooms, 2 bathrooms, and an open living/dining/kitchen area. Included in the price: pool, white goods, airco completely installed, LED-lights, furniture and a solarium. This is really a BARGAIN price for the perfect home on a superb location. Do not hesitate, as the villas will be sold soon.
