3 2 private

New development of 10 one level villas at the golf of Corvera, Murcia, for those who like to play golf or the tranquility of the golf, but still prefer to be not too far out. Murcia city is only 10 minutes away, the Medsea 20 minutes. The villas, with VIEWS TO THE GOLF, come with 3 bedrooms, 2 bathrooms, a very spacious and bright living / dining room with open kitchen, a laundry room and a storage room outside. The villas will be built on a bigger plot, enough space outside to enjoy the Spanish weather. Included in the price are pre-installation for airco with pre-installation for airzone, solarium, 2 parking spaces on the plot, landscaped garden, private pool with pre-installation for heat pump, pre-installation for charger for electric vehicles, automatic blinds, electric underfloor heating in the bathrooms, and photovoltaic installation for 550 W, which makes the villa to get energy certificate A.
