New development in Dolores, at the edge of the village, but in walking distance to it, and only a short drive to the Medsea. There will be built 20 modern villas, all with 2 floors and solarium. There are 2 options: a villa with 2 bedrooms, 2 bathrooms, open and bright living / dining room, open kitchen, guest toilet and laundry room. Or a villa with 3 bedrooms, 3 bathrooms and open and bright living / dining room and open kitchen. All villas have a rear patio, a good sized terrace in the front and a solarium. On the solarium there is the option for a jacuzzi or pool if wished, but there is also a communal pool available. The villas come with pre-installation of airco, and for quick decision makers also a BBQ area is included on the solarium, electric shutters and white goods. So do not hesitate for this modern house for a good price.
