New project of 8 villas on one level at the edge of the typical Spanish village of Sucina, just a 15 minute drive to the Mar Menor beaches, and in walking distance to all daily amenities like supermarkets, bars, restaurants, schools, pharmacy, doctor, etc. The villas come with 3 bedrooms (master with dressing), 2 bathrooms, open and bright living/dining/kitchen area, and a laundry room. There is parking space on the plot with pre-installation for charging electric vehicles. The villas have a good sized garden with private pool and a 80 sqm solarium. There is also an outside toilet. All villas have also included pre-installation of airco, automatic blinds, LED-lights in- and outside, video-intercom and pre-installation of photovoltaic panels. There is a special launch offer that also includes white goods.
