Wauw!! Amazing south facing villa for sale on a superb location in Aguilas, very quiet, but only a short drive to amenities and the sea and beaches. Aguilas is a very cosy typical Spanish town where you find all you need. The very well-kept villa, with sea and mountain views, comes with 5 bedrooms, 4 bathrooms, living / dining room with fireplace, separate sitting room, separate kitchen, laundry room, office on the first floor, underground space with parking space for 3 cars and more rooms that could be used as man cave, utility, etc. The villa comes with airco, white goods, an automatic gate and will be sold furnished. Outside there is plenty of space with garden with pool (8 to 4 m), BBQ area, more storage, terraces, solarium, etc. Be quick, this villa is a real gem.
